

BOW COMMUNITY ROBOTICS

TEAM 4290

Our team has been busy over the summer months; recruitment, outreach, visiting with sponsors, training new students, making a few modifications to our robot in preparation for our off-season event in October.

We attended the 4th annual ImagiCon at the Charlotte Mecklenburg Library. ImagiCon is a library festival that celebrates culture surrounding comic books, graphic novels, manga, anime, fandoms, and gaming.

There were over 3,152 in attendance. Darth Vader and Stormtroopers came by to see our robot and learn more about our program. We were excited to tell them about the 2019-2020 *FIRST RISE*SM, powered by *Star Wars: Force for Change* challenge

AVIDXCHANGE

In August, our lead mentors attended an outreach at AvidXchange to talk with guests about the FIRST programs, encouraging them to become mentors or sponsors.

INFINITE RECHARGESM

TEAM KICKOFF AND INTEREST MEETING

Do you know a 9th to 12th grade student interested in being a part of a championship team?

Come to our team kickoff and interest meeting on Tuesday, September 10, 2019 at our work zone located at 900 Pressley Rd, Charlotte 28217 from 6 PM to 8 PM.

Not a student? Come join us as a mentor and help the students achieve their dreams!!

OUR FUNDRAISING

There is still time to purchase your raffle tickets for an opportunity to win a 2019 Honda Odyssey which is sponsored by Hendrick Honda Charlotte.

Use the QR code to purchase your ticket online

We held our first Car Wash.
