

BOW COMMUNITY ROBOTICS

TEAM 4290

READY TO LAUNCH!!

Team 4290 is ready to Launch into Deep Space!!

DESTINATION:
**DEEP
SPACE**

Presented By  **BOEING**

NAME CHANGE

We have changed our team name to “Bots on Wheels”. We have learned that a name is very important in being able to market your team to corporate businesses and when recruiting new team members.

This change “Let’s us Roll” into the future with many more opportunities.

2019 KICKOFF

On Saturday, January 5, 2019 DESTINATION DEEP SPACE Launched its kickoff. Our team is now working on game strategy so that we can design, build, and program a competition robot before “STOP Build” deadline.

THANK YOU TO OUR SPONSORS

Collins Aerospace, Best Buy, Hope at the Lake, Great Clips, Edible Arrangements, Lowes, Oak Ridge Dental Arts, Target, Mountain Island BP, Ms. Young, Ms. Yung and Witt Family.

Special thanks to our mentors Josh and Mike for a new laptop. Mike also donated various new tools and supplies.

OUR FUNDRAISING

We are currently selling the World's Finest chocolate bars for \$1 each. Contact one of our team members to satisfy your chocolate craving today!!

OUTREACH EVENTS

Our Team has reached out to businesses and students by demonstrating our robot at the Schiele Museum, ImagiCon, Best Buy, CTL MiniMaker Fair, and Boy Scouts.

Built and demo a robot that can hit a golf ball for Ballantyne Golf.

Students also volunteered as Referees at FIRST Lego League Competition.
